

YES ON 4A & 4B

GROWTH IS IMPACTING OUR STUDENTS!

OUT OF CLASSROOM SPACE

Buildings are maxed out on space. Some classes are in former locker rooms or using common areas (like the stage). The middle school teachers lounge has been converted to a classroom and teachers are using closets for office space.

CROWDED COMMON AREAS

Overcrowding at the middle school has led to packed hallways between classes and long lines for bathrooms and drinking fountains. Lunch lines are long and lunch periods start early to accommodate all students in the cafeteria.

LARGE CLASS SIZES

Class sizes at all levels have increased in the last several years. There are some Kindergarten classes with 25 students, 5th grades with 29 students and middle school rooms with 40 students.

STUDENTS MUST BE SAFE & SECURE

With buildings over and very near capacity, ensuring student safety and security is more critical than ever. There are currently only 4 security personnel district-wide and student to counselor ratio is 400 to 1.

The Tri-Lakes area is growing and D38 has *added 500 students since 2013*. An additional *945 students* are expected by 2023, *1,800 within 10 years*.

Two ballot measures address the most pressing needs of our students. The bond (4B) creates much-needed capacity by funding construction of a new 650-seat school. The bond also addresses security enhancements to all of our district school buildings and collaborates with our charter school in support of a planned high school expansion. The MLO (4A) funds additional security personnel and wellness counselors.

why we love 4A & 4B

FAST NEW SEATS IN 2019

With infrastructure and land in place at the Bear Creek site and the design nearly complete, construction can start immediately, with doors ready to open fall 2019.

COST EFFECTIVE

Building a middle school is 50% more costly than building an elementary school. Maximizing existing resources by converting Bear Creek back into a middle school, and constructing a new elementary school, gives us seats we need for the best value.

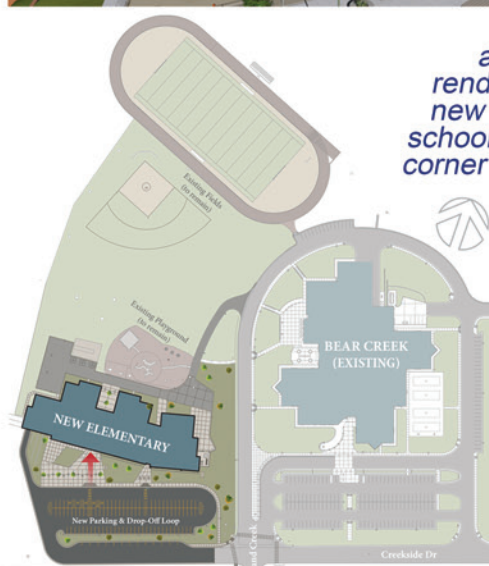

ADDRESSES MULTIPLE SAFETY AVENUES

Adding physical security features (cameras, secure entry vestibules, etc) and more security personnel and counselors keeps our kids safe on many levels.

Proposed architectural rendering of the new elementary school on the SW corner of the Bear Creek site.

VOTER INFO

Ballots will be mailed to all registered voters on Oct 15 and must be returned by Nov 6, 2018. In-person voting will take place on Tuesday, Nov 6.

Register to vote online at www.govotecolorado.com or in-person on election day.

Senior citizens and active duty military many qualify for tax exemptions. Find more info here: www.colorado.gov/pacific/treasury/senior-and-veteran-property-tax-programs

\$14* per month

*BASED ON \$400K HOME VALUE (TRI-LAKES AVERAGE)

A GREAT RETURN ON YOUR INVESTMENT

D38 is *accredited with distinction* by the state of Colorado and consistently ranks as one of the *top districts* in the state. This is a key factor in the desirability of the Tri-Lakes area. Voting YES on 4A & 4B is a great investment in your community.
