### Do not remove trail blazes/markers

You will be seeing some trail markers in Fox Run Regional Park on trees. The trail markers help protect the delicate forest ecosystem because we can stay on the trail and not damage the ecosystem underneath our feet or with bicycles or horses, etc. These are traditional trail markers, especially useful and necessary in snowy, icy weather when we cannot see the actual trail. Our high desert forest climate is dependent on its skin of soil and plants to survive. When we honor this part of the forest we cannot see, the part we can see has a better chance to thrive amid us humans, the invasive species. Please be a good citizen and help us to protect our park from unnecessary erosion. Fox Run Regional Park is heavily used and is located in a fragile ecosystem vulnerable to serious erosion when the forest duff is disturbed. Please respect and protect the park for everyone's enjoyment by staying on marked and well established trails. A very obvious trail in the summer becomes surprisingly invisible after a moderate snowfall. In winter, a wrong turn taken by the first visitor after a snowstorm can quickly become a misleading scar on the landscape. The silver and light blue rectangles that you see attached to trees serve to identify the only trails to use in the park. Please don't tamper with or remove trail blazes/markers as they are placed on the trees to identify and distinguish trails and help locate the trails after a snowstorm. The main loop trail uses light blue and silver rectangles. Sub-loops will eventually be marked in different colors to help visitors unfamiliar with the park to find their way and recognize which loop they are on.

### Tri-Lakes Cares needs your support

The community-based, volunteer-supported center is a critical resource for our neighbors in need. The best way to help support Tri-Lakes Cares is to donate. Visit <https://tri-lakescares.org/donate> to learn how to donate money, medical items, personal supplies, or food. Please check the web for current needs in our food pantry at <https://tri-lakescares.org/donate/current-needs>. Donation drop-off hours are Mon.-Thu., 9 am-4 pm. ### Highway 105A Update

El Paso county construction is expected to continue into spring 2025. The project extends the four-lane section of Highway 105 just east of Jackson Creek Parkway to Lake Woodmoor Drive providing greater mobility by accommodating more traffic. The new configuration will be two lanes in each direction with left and right turn lanes; the project also includes multi-use shoulders and pedestrian improvements, sidewalk connectivity, replacement of the traffic signal at Norwood Boulevard, a new underground drainage system and water quality pond, and a new roundabout at the Knollwood /Village Ridge Point intersection. The new roundabout, constructed by Monument Academy, is designed to keep traffic moving and reduce the traffic backups on Highway 105 that previously occurred in this area.

### Monument Academy traffic

To ensure a smoother experience for non-school traffic, it is recommended finding an alternate route if possible that avoids this area during the school drop off pick up times Mon.-Thu. 7-8:30 am and

2:45-4 pm and Fri 7-8:30 am. and 11:30 am-1 p.m.

### Community volunteers

Many students need volunteer hours for scouting, civics classes, clubs, or would just like to volunteer for the good of it. Friends of Fox Run Park will have some openings for student volunteers (and grown-ups, too) most of the year for various tasks. Besides tasks, the group offers information and skills demonstrations for each 2-3 hour session, and celebrates volunteers at the park with annual community events. The Tri Lakes Cares on-site garden in Monument also needs volunteers in Fall, Spring and Summer. Gardening tasks include preparing garden beds, weeding, sowing seeds, and developing the compost. Bring gardening gloves, some tools will be provided on the workdays. Contact Janet Sellers at [JanetSellers@ocn.me](mailto:JanetSellers@ocn.me) or Marlene Brown at [MarleneBrown@ocn.me](mailto:MarleneBrown@ocn.me) for more information.
