

Tri-Lakes Monument Fire Protection District, Nov. 13

Revenues remain higher than estimates

By Bernard L. Minetti
Tri-Lakes Monument Fire Protection District Treasurer John Hildebrandt re-

ported Nov. 13 that through October, the district had received 98.66 percent of the expected annual property tax revenues.

Furthermore, it had received 130.03 percent of projected Specific Ownership Tax receipts. October represented 83.3 percent of the budget year.

Hildebrandt also said ambulance revenues showed a significant increase—to 96.18 percent of the annual budget. He did not state whether this percentage was the amount billed to date or the percentage of actual payments received to date,

The district does not report the district cash savings and checking bank balances and securities breakdown, which other governmental entities such as Donald

Wescott Fire Protection District and the Town of Monument report monthly. Fire Chief Chris Truty has been asked twice to report that figure and Interim Fire Chief Bryan Jack also was requested by *Our Community News* to provide these figures at the monthly district board meetings.

District administration building

A Tri-Lakes Monument Fire Protection District representative was expected to attend the Nov. 18 Monument Board of Trustees meeting to discuss the use of the town's building at 166 Second St. as the district's Administrative Complex.
