

trative services agreement with the town of Monument ends on March 31.

Fisher replied, "Do we have a credit card usage and reimbursement policy?" Remington said she could write one for the employee handbook if the board would consider allowing her to have her own district credit card. She said that the CRS consultant treasurer is currently signing and reviewing all her expense reports and original receipts. Remington said she would present a policy and resolution for credit cards for board approval at the March 12 board meeting.

Remington recommended purchase of a 12-foot conference room table, flat file

cabinet for large plats and maps, and another file cabinet at a cost of about \$3,500. She will need a credit card to purchase a printer. The board approved an expenditure of up to \$4,000.

Remington noted that neither she nor consultant treasurer Cathy Fromm of CRS could sign the paperwork for district loan payments, delaying a payment two days until board Secretary/Treasurer Bob Eskridge could sign the documentation. Neither Fromm nor Remington could see any information for these loan accounts because they were not signatories. Town Attorney Gary Shupp recommended that Remington be added as a signatory to

these accounts, particularly for checks that require two signatures, but Fisher did not approve it. He only approved adding Fromm as a signatory.

The board determined that it would hold meetings at its Jackson Creek office starting in April.

Hurd asked Remington to determine the costs for providing each director with an electronic iPad tablet like the ones in use by the Monument Board of Trustees for a discussion at the March 12 board meeting. Remington said she was setting up Triview email addresses and a shared

drive they will be able to access to see electronic copies of the board packet.

The meeting went to executive session at 6:37 p.m. to "conference with the district's attorney regarding legal advice of specific legal questions."

The next meeting will be held at 5 p.m. on March 12 in Town Hall, 645 Beacon Lite Road. Meetings are normally held on the second Tuesday of the month. Information: 488-6868.

Donala Water and Sanitation District, Feb. 21

PPRWA to reconsider water quality sponsorship

By Jim Kendrick

On Feb. 21, District Manager Dana Duthie advised the Donala Water and Sanitation District board that the Pikes Peak Regional Water Authority (PPRWA) had reversed its January decision and will now consider administrative sponsorship of a new nutrient sampling coalition in the Pikes Peak region.

Duthie noted that on Feb. 6 the authority reversed its vote against considering administrative sponsorship of the new Arkansas River/Fountain Creek Coalition for Urban/Rural River Evaluation (AF CURE). This new water quality monitoring group will create a coordinated nutrient monitoring program from Palmer Lake to south of Pueblo to meet the requirements of the state Water Quality Control Commission's Control Regulation 85. The authority board will once again consider sponsoring AF CURE

as a project at its March 6 meeting.

Duthie also noted that the new Big R store is selling a root-killing product
