Palmer Lake Planning Commission, Jan. 15

Gun range proposed for Palmer Lake

By Jim Adams

On Jan. 15, the Palmer Lake Planning Commission held a preliminary review of a potential application for a proposed gun range east of the motocross club in Palmer Lake. The proposed site is on the south side of County Line Road, opposite the Greenland Open Space trailhead and north of Facinelli Motors.

Dan and Angela Robbins of Tri-Lakes Shooting Supply would like to acquire the land, which is owned by the Town of Palmer Lake, through a long-term lease, and establish a National Rifle Association-compliant regional gun shooting range with handgun and rifle bays and, eventually, a storefront.

Their intent is to make Palmer Lake a destination

location through competitions, gun clubs, and leagues. They project 500 walk-in visitors and 600 members that visit twice monthly. They estimated that an average visitor would shoot one or two boxes of ammunition containing 50 rounds per box.

The planning commissioners discussed these potential issues:

- Liability
- Security
- Traffic
- Lead abatement
- Location and adjacent property concerns
- Inability to discern criminal gunfire from gun range gunfire

The commissioners questioned the applicants at length about continued noise from people firing tens of thousands of rounds of ammunition each month at the site.

One couple who lives near the lake supported a gun range, but questioned the noise levels.
