town obtains the county parkland surrounding the 30-foot trail right-of-way north of Third Street, Tri-Lakes Views would like to set up a "kid friendly" art park there.

Trustee Jeff Bornstein inquired about displays of art on the Triview side of Monument. Hall said Tri-Lakes Views has not yet received support from any developers in Triview or the Woodmoor Improvement Association to obtain a pedestal or location for installing an annual or permanent sculpture. Mayor Dominguez asked Hall

to provide him the east Monument contacts Tri-Lakes Views has tried in the past so that he could pursue additional east side contacts. The cost of a pedestal is about \$1,000.

Trustee Jeff Kaiser, who is also the 2014 president the Baptist Road Rural Transportation Authority, asked if Hall had contracted the authority regarding a display of art along West Baptist Road. Hall replied that Tri-Lakes Views has been in contact and work is underway.

Liquor licenses

The board held a liquor hearing

regarding changes requested for the liquor license by 366 Beacon LLC, the owner of the DeVine Restaurant at 366 Beacon Lite Road Unit D. Town Clerk Cynthia Sirochman said a liquor violation was filed with the secretary of state in regards to the licensee allowing liquor to be served in the patio portion of the establishment, which is not part of the original liquor license application diagram. Criminal investigator Marcus Woodward placed the establishment on formal notice on May 13.

The applicant filed the permit application and report of changes the next day and stated that he was "unaware" his original diagram did not include the patio or that he could not serve alcohol on the patio. A local liquor hearing is required to accept the changes due to a violation in order to be processed by the state.

Steve Rice, one of the listed DeVine owners and the registered manager of the restaurant, stated that he had briefed the BOT and staff on all benefits and safeguards regarding serving alcohol in his patio area at the BOT hearing for his new liquor license and had assumed that the patio had always been part of the liquor license. He stated that the loss of liquor service until his license could be re-approved by the state had cost him \$3,500 per week in revenue and had forced him to lay off four members of the service staff. He said he had never had a violation before.

"We're not sure we can save the restaurant at this time," Rice said, because the summer will be over before the state issues him the amended license. "I put \$100,000 into this project and I'm seeing it all evaporate."

During public comments, local resident Maggie Williamson stated she sees no issues with liquor being served outside. No one spoke against re-issuance of the DeVine liquor license.

The board unanimously approved the requested change of premises in DeVine's permit to include the restaurant's fully enclosed patio as an addition to the approved liquor service area of the restaurant. The final step for restoration of the DeVine liquor service is state approval of the proposed modification/change of premises for liquor service.

The board unanimously approved a special event liquor permit for the Tri-Lakes Chamber of Commerce Fourth of July Street Fair and Dance to be held in Limbach Park from 4 to 9 p.m.

The board also unanimously approved a temporary street closure from 4 to 10 p.m. on July 4 for a short portion of Front Street just south of Second Street for food and beverage truck parking.

Terri Hayes, executive director of the Chamber of Commerce, said the dance was being organized to replace the firework for the evening of July 4. The liquor permit is for 10 a.m. to 10 p.m. for set-up purposes, and the dance event will start at about 4 p.m.

19624 Kershaw Court

- * KINGS DEER
- * Elegant 2-story
- * \$719,000
