

nish asked the trustees to create a new section to the town code about park and recreations areas to include rules specific to Monument Lake. The biggest change is that boats with electric trolling motors will be allowed, but gas and diesel motors are still prohibited, he said. The trustees approved the ordinance unanimously after some discussion. See www.townofmonument.org for more details.

Excess revenue ordinance extended

Interim Town Manager and Town Treasurer Pamela Smith explained that if the town ever did have any "excess" revenue as defined by Taxpayer Bill of Rights (TABOR) amendment to the state constitution, it would have to be refunded to town citizens.

However, town voters had approved a ballot measure allowing the town to keep and use these "excess" funds for town parks, recreation, and senior services. This

measure has been approved by Monument voters five times starting in 1996, Smith said. The current measure will expire in 2016.

The trustees voted 6-1 to place this item on the next town ballot for voters to decide upon again. Kaiser voted no with no reason given.

Other business

Carlos Miguel's restaurant on Jackson Creek Parkway had its liquor license revoked last June when the licensee permitted the selling, serving, giving, or procuring of an alcohol beverage to an 18-year-old Liquor Enforcement Division underage purchaser. The Colorado Liquor Enforcement Division said that since then, the licensee had submitted to sanctions and fines and complied with the terms dictated and was now reapplying for a liquor license. The trustees voted 6-1 to approve the license. Trustee Jeffery Bornstein voted no with no reason given.

Community Relations Specialist Madeline VanDenHoek presented resolutions allowing a special event permit and the closure of streets around St. Peter Catholic Church on Sept. 27 for the Red Rose 5K and pancake breakfast fundraiser. They were both approved unanimously.

The trustees unanimously approved a resolution in support of the El Paso County Enterprise Zone. This designation is designed to stimulate commercial growth throughout the Pikes Peak Region by "attracting and expanding regional businesses and industries in communities that have lagged behind due to recent economic challenges." See www.ocn.me/v15n5.htm#mbot0406 and related article on page XX.

Smith presented a resolution approving the purchase of a \$100,000 CD from First National Bank in Monument for the purpose of investing restricted fund balances. However, the consensus of the trustees was to discuss other possible in-

vestment options at the next board meeting before approving any CD purchases.

These disbursements over \$5,000 were approved as part of the consent agenda:

- K.M. International CIP Asphalt Hot Box – \$10,754
- Waters and Co., May, per recruitment agreement – \$7,350
- Waters and Co., June – \$7,350
- Wells Fargo Equipment Finance Capital Lease 401– \$22,432
- Wells Fargo Equipment Finance Capital Lease 402 – \$39,071
- Wildcat Construction Co. Inc., water upgrades at Synthes and Mitchell – \$63,557
- CIRSA Insurance, liability insurance – \$23,920

The meeting adjourned at 9:27 p.m.

Tri-Lakes Chamber of Commerce Community Meeting, July 13

Planned methadone clinic enrages community

By James Howald

A standing-room-only crowd of more than 200 residents of Monument and neighboring communities filled the meeting room of the School District Administration building on July 13, intent on making both Colonial Management Group's representatives and the town's elected officials feel the depth of their anger at

and disapproval of the company's work to open a methadone clinic in downtown Monument in a building across the street from Limbach Park.

The meeting was hosted by Terri Hayes, the executive director of the Tri-Lakes Chamber of Commerce, and was facilitated by Dr. Tiko Hardy, who holds a doctorate in psychology and organiza-
